

2020 Girls Tennis Report

Unfortunately, the 2020 Girls tennis season did not take place.

We were prepared to crown 4 state team champions in classes LL, L,M and S, as well as a State Open champion in singles and doubles. Wesleyan University was going to host us again for the State Open round of 16 thru to the finals.

The 2021 season, if we are able to compete should not require modifications to the structure and format of the Team Championships. We do anticipate that holding the State Open for singles and doubles will be prohibited this year due to the size of the tournament (approx. 100 singles players and approx. 170 doubles players). For the same reason, the Boys are considering altering their post season to align with the girls format of Team championship competing as team vs team. Advancement to the round of 16 for singles and quarter finals for doubles has been the standard for earning all state. We do not have in place any alternate method of determining all state.

The Girls Tennis Committee has not met yet for the 2021 season so there is no additional information available at the present time.
