

### 19-20 Girls Basketball Report

The girls' basketball season was ended prematurely in the middle of the state tournament. As a result no state champions were crowned. We began the process of selecting rosters for the CHSCA senior All-Star game as well as coaching staffs but that process was also halted mid-stream by the shut down. We were able to complete the process of selecting All-State teams. Those lists went out to all in the early spring and delivered All-State certificates to schools this fall.

### 20-21 Girls Basketball Report

At our fall CIAC girls basketball committee we tweaked the qualification for state tournaments as well as decided to no longer fill the brackets and will remain in 5 divisions. We are in the process of defining how the 20-21 season will play out. We are waiting for our next meeting of the CIAC girls basketball committee to finalize these issues.
